Quote of the Day

"Often, there is no correlation between the success of a company's operations and the success of its stock over a few months or even a few years. In the long term, there is a 100 percent correlation between the success of the company and the success of its stock. This disparity is the key to making money; it pays to be patient, and to own successful companies."

• **Transformers and Rectifiers Mgt Guideline** : The revenue increased by 17.5 percent to Rs 126.4 crore on a year-on-year basis. low margin orders and manufactured stock not converting into sales led to the downfall of net profit in this quarter. That capacity utilization was at 35 percent which resulted in under-recovery of fixed charges.

• **Solar Industries Mgt Guideline** : company at present has a defence order worth Rs 72 crore which will reflect on the books next fiscal and is expected to drive the revenue for FY17 up by 25 percent. There has been a growth from the business coming from Coal India.

• **Talwalkars Mgt guideline** : The game for the fitness industry is now changing where people are using online apps or aggregators in order to access the fitness companies. The company partners with aggregator GymTrekker Fitness. In October, 2015 they bought 49.5 percent stake in Sri Lankan gym chain Power World Gyms and in November acquired 51% stake in Inshape Health & Fitnez. Currently companies which are aggregating are not very profitable, so Talwalkars' plans to buy only 10-20 percent stake in aggregator companies. The number of gyms for the company would move from 170 to 250-300 over next three years and increase their online customers to about 600-700. Gawande is confident of the Chennai and Sri Lankan acquisition getting aggregated in the current quarter that is Q4.

• **Meghmani Organics** is confident of 10-15 percent volume growth and expect margin expansion in the coming quarters on back of higher productivity and capacity utilisation. The company is also confident of reducing debt to the tune of Rs 100 crore both in FY16 and FY17 as well. The capacity utilisation for the segment is also at its optimum currently.
