

SGX NIFTY : 8716 ( 9 Pt Up)

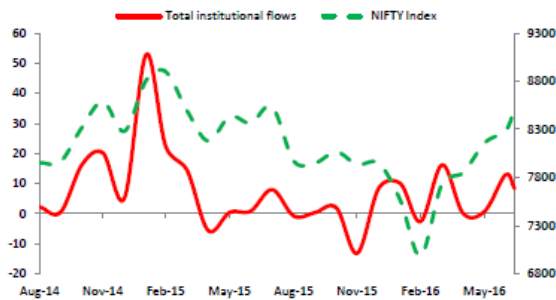

### Quote of the Day

"We like stocks that generate high returns on invested capital where there is a strong likelihood that it will continue to do so. For example, the last time we bought Coca-Cola, it was selling at about 23 times earnings. Using our purchase price and today's earnings, that makes it about 5 times earnings. It's really the interaction of capital employed, the return on that capital, and future capital generated versus the purchase price today."

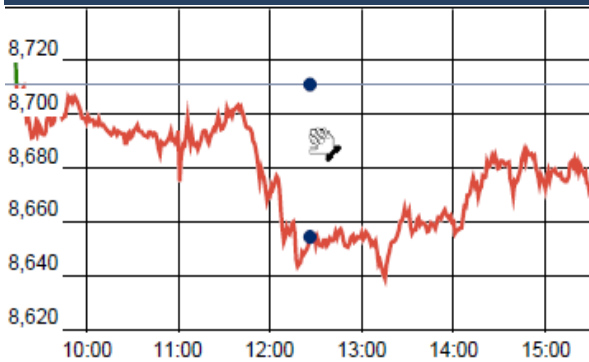

Warren Buffett
