

SGX NIFTY : 8083 (10.55 Pt Down)

Quote of the Day

"There's a clarity that comes with great ideas: You can explain why something's a great business, how and why it's cheap, why it's cheap for temporary reasons and how, on a normal basis, it should be trading at a much higher level. You're never sitting there on the 40th page of your spreadsheet, as Buffett would say, agonizing over whether you should buy or not."

Joel Greenblatt
