### Top News :

- Kohinoor Foods Mgt Guideline** : The company is eyeing Rs 1475 crore turnover in FY15 on back of strong orders and improvement in domestic sales. Going forward he expects steady growth momentum of order inflows from Iran. Total export sales have increased from Rs 417 crore to Rs 465 crore from April to September end. The December quarter did very well in terms of sales . Second half is a strong for the company but this time the Basmati rice prices were 30-40% cheaper than last year because of bumper crop. However, Mgt expects the uptick in volume growth to compensate for lower prices in the second half. Basmati rice exports have increased by 27 percent from Rs 296 crore to Rs 375 crore and foods sales have increased by 24 percent from Rs 32 crore to Rs 39 crore.

- ENIL Mgt Guideline** : Mgt says the bidding for the phase III spectrum auction is likely to be very aggressive due to limited frequencies being available. The reserve fee for radio frequency is likely to see a marginal hike in the phase III auctions . ENIL operates the Radio Mirchi brand in Mumbai and has a large pan India presence with 32 stations across 14 states. Company has auctions may be six or nine months later or 12 months later. All of that has to be taken into accounts. So Rs 500-550 crore is what company has in our books right now. The radio industry is approximately 5-5.50 percent of the total ad industry. Its potential is to go 9 percent. Our ad rate for a network is about Rs 10,000 .

- Shakti Pumps Mgt Guideline** : The company is targeting EBITDA margins of 20 percent by FY15 end. Targeted revenues are Rs 325 crore for FY15 and Rs 450 crore for FY16 . Going forward the company would be focus more on value added products . Company has already grown around 20-25 percent in terms of volume but for company volume is not exactly of significance because as we have a various variants where company has a value addition and the pricing gap is higher into that.

- Shakti Pumps India** has signed a Memorandum of Understanding (MoU) with Ratnakar Bank Limited (RBL) under which the Company's customers, primarily the farmers will be able to secure credit facilities for buying Solar Pump sets, PVC pipes and drip irrigation products and host of products across the bank's network.

- In the high profile patent tussle on multiple sclerosis drug Copaxone**, for which Natco has a first to file status, the US Supreme Court has favored Teva. It's a ruling that will delay entry of generics in the market. US supreme court has suggested that Appeals court did not use the right approach in analyzing whether Teva's September 2015 patent is valid or not. In 2013 The US Appeals court had ruled that Teva's patent was invalid and had cut off 16 months of patent protection, opening mkt for generic entry.
