

SGX NIFTY : 7802 (54 Pt Up)

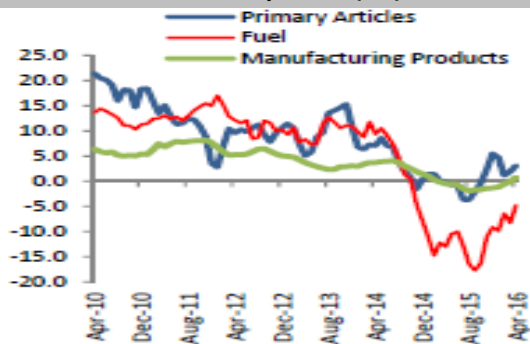

Quote of the Day

"Bargains are the holy grail of the true stockpicker. The fact that 10 to 30 percent of our net worth is lost in a market sell-off is of little consequence. We see the latest correction not as a disaster but as an opportunity to acquire more shares at low prices. This is how great fortunes are made over time."

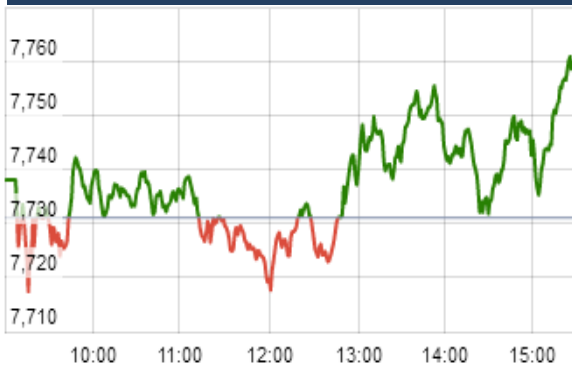

Peter Lynch

Top News

- **Biocon** : US, Europe filings to drive Biocon growth. The growth trajectory for the company looks good. Biocon has got approval for its insulin product in Japan. The biotech company has filings lined up in the US and Europe. These market filings have a market opportunity of USD 40 billion. In particular, Japan offers a market potential of USD 150 million for its insulin product Glargine. For the branded formulations business, the company targets Rs 1000 crore in revenues by FY19.

- **Greenply** : Greenply Industries revenue growth in FY17 is likely to be restricted to 8-10 percent due to its fairly high capacity utilisation level. The demand situation was weak during FY16. However, Greenply had revised its guidance in mid-FY16 to 6-8 percent revenue growth and that has been delivered.

- **NCC** : Hyderabad-based infrastructure firm NCC plans to reduce its debt to Rs 100 crore in FY17. NCC, which has had a good fourth quarter, has said that the company's asset monetisation strategy has helped bring down interest costs. Going forward in FY17, NCC expects a 7-10 percent revenue growth and clock EBITDA margins of about 9 percent.

- **Omkar Specialty** : The company is envisaging a growth rate of 10-15 percent in FY17. With the measures put in place by the company to enhance its capacity utilisation, Management expects the company to clock in revenues of Rs 470 crore. Omkar Specialty Chemicals plans to increase its capacity utilisation to 80 percent in FY17 from 65 percent at present.

- **Sterlite Tech** : Sterlite Power Transmission will be an unlisted separate entity and shareholders will have the option of either encashing Rs 22 per share or getting redeemable preference share. Sterlite Technologies will hold nothing and be into pure play telecom, and will become an integrated network provider. The consolidated debt of the company is Rs 6,500 crore and nearly Rs 5,500 crore will be moved to the new power entity.

- **NFL** : The gas pooling policy has led to a level-playing field and the decline in financial costs have led to higher profitability in the fourth quarter. The company clocked its highest production ever in this quarter.

- **VRL** : The Management is planning to start a regional airline. The Chairman Vijay Sankeshwar said that aviation is his passion and he intends to follow it. The investment for the project is expected to come partly from dilution of his shares in VRL and the rest from other sources. "The Mgt will enter the airline business with a small investment of Rs 1,400 crore,, adding that they will dilute Rs 300-400 crore worth shares in VRL over the next three to four years.

- **Mukand** : The company is receiving good demand from the automotive sector which is reflected in the four quarter. Mukund will consider setting up a rolling-up capacity in Karnataka and it will look to bid for iron ore mines if they are auctioned in Karnataka. The company has a total debt of Rs 2398 crore as of March 2016 which it plans to settle by selling non-core assets worth Rs 400-600 crore in the next 18-24 months.

- **NCL Industries** : Cement prices are very encouraging and the company plans to expand its cement business. NCL Industries on Tuesday successfully exited from the Corporate Debt Restructuring (CDR) mechanism. Now there are no more capex restrictions levied. The company is free to grow.

- **Dwarikesh Sugar** : The company, as of March 31, 2016, has inventory of 17 lakh tonnes. The sugar industry has seen a turnaround in the last few months and the prices have risen since then. The Management expect the trend to continue over the next few months. The company is focusing on improving its ethanol production and reducing long-term debt of Rs 250 crore.

- **Dish TV** : The average revenue per user (ARPU) for high definition subscribers stood at Rs 384 and sees no inorganic growth plan at this point. Prices may be raised by 4-5% after Diwali.

- **Ashoka Buildcon** : The company expects a higher topline in FY17 and that its revenues should grow 10 percent. Ashoka Buildcon will continue to focus on its roads business.
