### Quote of the Day

"The market does reflect the available information, as the professors tell us. But just as the funhouse mirrors don't always accurately reflect your weight, the markets don't always accurately reflect that information. Usually they are too pessimistic when it's bad and too optimistic when it's good."

Bill Miller

### Top News

- Granules India** : MD of Granules India said that four domestic plants were inspected by USFDA and one plant is due for inspection soon. Granules India Ltd has received an Establishment Inspection Report (EIR) from the USFDA for a check at its Jeedimetla facility back in December 2015. The company says that the USFDA has closed the related to this unit and does not see any impact on its revenue due to the EIR. The company expects revenue growth in the coming quarters.
- Religare** : Religare Enterprises is all set for a three-way split as a part of its restructuring process. Post this, the company will be able to list its first health insurance company on Indian bourses. Currently, Religare has lending business, capital market business and health insurance business under one umbrella. The three businesses will grow ahead and are an "India-focused story". Net worth of the lending business is just under Rs 3,000 crore; health business is under Rs 500 crore and the capital market business is about Rs 200 crore. On a consolidated basis, Religare clocked in a profit of Rs 225 crore and the premium came in at Rs 500 crore. Going ahead, the company is expected to grow in the range of 20-25 percent.
- Kalpatru Power** : MD of Kalpataru said that gross margins will stay at around 10.5 percent levels and revenue is expected to grow by 25 percent in FY17. International projects have higher margins and better payment schedule and more international orders are expected to come going forward. There are no plans of an initial public offering (IPO) anytime soon for it.
- Bajaj Electricals** : Bajaj Electricals is looking at revising its strategy and adopting the FMCG model to improve its consumer durables business. Bajaj Electricals is in the midst of restructuring its consumer durables business model leading to increased focus on distribution and secondary sales. Mgt expects this business to post double-digit revenue growth by the third or fourth quarter of FY17. The company now plans to follow the FMCG model of going door-to-door or retailer-to-retailer to develop its consumer durables' market and this will mean increased costs for a while. In the lightings business, margins might be slightly under pressure due to increased government orders.
- V-Mart** : The retail chain reported a 70 percent decline in standalone net profit at Rs 48 lakh as in the fourth quarter compared to a net profit of Rs 1.60 crore in year-ago period. Net sales during Q4 rose 4.28 percent to Rs 177.50 crore. A strong monsoon should see growth revive.
- SBI** : The bank has exposure of over Rs 1.36 lakh crore to the power sector with nearly Rs 60,000-70,000 crore to good stable companies. State Bank of India's guidance on potential slippages of Rs 40,000 crore or 2.7 percent takes into account loans other than those to large and mid-sized corporate accounted for in the stated watchlist of Rs 31,000 crore. 70-75 percent of the watchlist amount could become non-performing assets (NPAs). The bank currently has provision coverage ratio around 62 percent and will work towards bringing it closer to the Reserve Bank norm of 70 percent by end of FY17.
- SJVN** : The outstandings worth Rs 1,507 crore in FY15 saw a decline of Rs 400 crore in FY16. During the fourth quarter of FY16, the company generated 999 million units from the Jhakri project, 291 million units from its Rampur project and around 4 million units from wind mill. The overall PLF (plant load factor) for the company was around a little over 100 percent in FY16. Mgt expects a total of 8,690 million units generation in FY17.
- Intrasoft Tech** : The company has reported an EBIT of Rs 41.1 crore, inclusive of exceptional gains of Rs 34 crore from some share sale. "EBITDA margins and topline growth will improve by December 2016. The company has no plans to raise money and it is adequately funded.
- CMI** : The revenues from CMI's recent acquisition of General Cables Energy (GCE) will start coming in by the second quarter of FY17. The cables manufacturer witnessed an exceptional rise in its consolidated net profits to Rs 106 crore in FY16 from a mere Rs 6.3 crore in the previous year.
- Greenlam** : Mgt says there was a 99 percent capacity utilisation in the laminates business in Q4 of FY16. So, they plan to increase capacity by 20 percent this fiscal. Mgt expects a 12 to 15 percent rise in revenues in FY17. The exports in FY16 remained almost flat for Greenlam. But Mgt hopes them to rise by about 8 to 10 percent in FY17.
- Kellton Tech** : Kellton Tech is well on its way to achieve the Rs 600-crore revenue target by September. Kellton has marquee customers in the digital transformation space in which competitors are yet to catch up and that will help in achieving the guidance. On the sequential 100 basis points margin drop in the fourth quarter to 13 percent, it was due to base effect of removal of hardware revenue from UP project and increase in employee expenses from addition of senior-level personnel to help achieve targeted growth.
- Hatsun Agro** : With corrected deflation and only slight inflation, the company is expected to do better in the first quarter of FY17. With milk prices having stabilised and witnessing minor increases, the company is expected to do better in the first quarter of FY17. The company has significantly reduced its commodity business to around 3.5 percent in FY16 and expects to continue going forward. EBITDA margins to improve in FY17 from the current levels of 26.4 percent. Company is also aiming to expand its procurement network in Andhra Pradesh, Maharashtra and Karnataka through its internal accruals.
