Quote of the Day : "Spend each day trying to be a little wiser than you were when you woke up"

**LIFE INSURANCE****MACRO****16-Mar-20**

Total weighted received premium for the month of February'20 stood at Rs.8932 crores implying a 14% YoY growth and a MoM degrowth of 19%. LIC after witnessing a total growth of 92% in the year of 2019 saw degrowth for the month of February at -5.5% YoY. The Private players in the month of February saw a decent uptick in the growth at 31.8% in the total weighted received premium. The highest growth in new business premium on total weighted basis was witnessed by ICICI Prudential Life & Tata AIA at 136% and 55% respectively. Listed life insurance players saw a muted growth in the month of February'20 at HDFC Life (15%), SBI Life (-5%) and Max Life (3%). SBI Life, HDFC Life and ICICI Prudential life constitute of 43% of all the policies sold by private insurers. SBI Life sold 18%, HDFC Life and ICICI Prudential Life sold 13% and 12% respectively.

**IIP & CPI****MACRO****12-Mar-20**

A slight uptick in the January IIP figure was witnessed with better production activities highlighted by the manufacturing PMI. The Index of Industrial Production stood at 2.00%. The IIP for the April-January period stood at 0.5% as opposed to 2.0% in the same period previous year. Consumer Price Index for the month of February 2020 eased at 6.58% as opposed to 7.59% a month ago. The Inflation has eased owing to a fall in food inflation after soaring high vegetable prices a couple of months ago. The IIP figures for the month of January rose back to the positive territory after a few months of contraction. For the month of February PMI Manufacturing & Services were above 54 and signal some good signs, Going forward we might witness the IIP going back to negative zone on the back of worldwide demand slowdown on the back of Covid-19. The Consumer Price Index pained by the food index though higher on account of food prices, and telecom & communication charge in the month of December and January. We expect the inflation to take a back seat and hover near RBI's comfortable level in the coming months with crude witnessing sharp fall and moderation in vegetable prices. The higher inflationary trend has discouraged RBI from cutting down on interest rates. With the inflation easing down and worldwide central banks cutting down rates to disallow negative economic impact of Covid-19, RBI should follow suit with a space for upto 50bps cut.

**MUTUAL FUND****MACRO****12-Mar-20**

Equity Inflows for the month of February 2020 stood at Rs.10795 crore as opposed to Rs 7877 crore in the month of January, indicating a 37% month on month growth. Midcap and Credit Risk Funds on the back of negative market sentiments saw net outflows in February'20 too with a net outflow of Rs.21917 crores since April 2019. Inflows into Other ETF's for the month of February stood at Rs16343 crore as opposed to Rs1872 crore in January. The higher inflows have been aided by investments from pension funds.

**Monthly volumes update (February 2020)****MACRO****03-Mar-20**

The automobile OEMs continued to report weak volumes in February 2020. The volumes declined YoY basis due to economic backdrop, disrupted supply chain and BS VI vehicles price hikes. The inventories maintained at 3-4 weeks at dealer levels. On sequential basis also volumes declined on account of outbreak of COVID-19 in China impacting production volumes due to sourcing of BS-VI components. Most of the OEMs have shifted to BS VI vehicles. However the demand scenario has not improved and we expect situation to remain sluggish going ahead. PV and CV segment has declined by 11% & 35% YoY respectively. Moreover, 2W and 3W segment has also declined by 14% & 22% YoY respectively. However, the tractor segment saw robust growth of 19%YoY.

**IPO - Antony Waste Handling Cell Ltd****NEUTRAL****03-Mar-20**

Antony Waste Handling Cell Ltd (AWHC) is one of the top players in waste management system in India. It is niche segment wherein company has consistent improving revenues and margins. The company is demanding PE of 22.8x to 26x. However, as the ipo size is below Rs 250 crs, the stock will be listed in T group. The management is highly dependent on the municipal authorities for substantial proportion of its business and revenues. Any decline in budgetary allocations towards Municipal Solid Waste Management services may have material adverse impact on the business. Further, considering current market situation, we assign Neutral rating to the issue.

- ❑ **WPI:** The Indian wholesale price index (WPI) inflation eased to 2.26 percent in February, the lowest in the last 3 months, as compared to 3.1 percent in January.
