Base Metal Related News

Base metals prices firmly up by the complex follows a recovery in market sentiment amid positive headlines surrounding the Covid-19 pandemic and a host of supply disruptions.

The duty-paid Rotterdam premium sank to a 14-month low, while premiums also declined in the United States and Japan, as disruptions stemming from the Covid-19 pandemic continue to stifle demand.

Trump said in a post that the bill would be the fourth part of the government's stimulus measures to handle the impacts of the virus.

The stocks of aluminium and copper have piled up in Shanghai Futures Exchange warehouses as demand collapses, lead inventories have fallen by 30,600 tonnes to a 15-month low of 13,969 tonnes.

Mining operations in the Philippines' southern province of Surigao del Norte, home to most of the country's nickel mines, will be suspended from April 1 as part of efforts to prevent the spread of the coronavirus

The U.S. Commerce Department said it had launched trade investigations into imports of common alloy aluminium sheet from 18 countries.

Base Metal Outlook

Base metals are trading lower in international markets. We expect base metal prices to trade sideways to positive after the better than expected China PMI data however the demand outlook still remains uncertain. One can maintain sell on rise in Metals for the day.
